Whole School Dance Concert Saturday 10 September: Wednesday 7 September is our last dance practice before our concert on Saturday 10 September.

We will have a run through on Thursday so I am proposing Prep -Year 3 stay in the hall after assembly on Thursday 8 September and run through seating areas and general instructions and expectations for the night. Year 4-6 teachers will bring their classes for a run through at 11:45am straight after the break to also ensure students know where they are sitting.

Year Book 2016 permission letter: The children’s class photo including full name, a selection of works and art works may also be chosen to be included in the Year Book. We would really like to encourage all families to complete their permission as a matter of urgency to finalise the initial permission process.

If you require any clarification of this process please contact me by telephone 3358 7333 or via email admin@newfarmss.eq.edu.au during school hours. Please find attached to today’s newsletter email the required forms.

TERM 4 SWIMMING  

Our Physical Education Swimming Program commences week 3 to week 9 of Term 4. Please note that this is an important and enjoyable part of our school program and it is intended that all children participate.

The anticipated days will be Mondays and Wednesdays. For the Prep classes it will be their first time. We ask Prep parents and any new families to our school since Term 1 to be on the lookout for permission letters at the beginning of Term 4.

The most essential items to have ready for your child’s participation are as follows:

- **Appropriate swimwear to undertake lessons.** Please ensure that students do not bring baggy shorts that come below the knees to school to swim in as these do restrict ability to swim comfortably and with correct stroke. Board shorts and bikinis are not appropriate for lessons.
- **Sun Shirt.** All children must wear a sun shirt – tight fitting (please check).
- **Swimming cap (required regardless of hair length).** Please check your current cap for a tight fit.

If you have any questions or concerns regarding your child’s participation in the Physical Education Swimming program please speak to your child’s class teacher.

THE IMPORTANCE OF SWIMMING IN SCHOOLS

The brilliance of swimming is that you are able to benefit from the inherent properties of water such as buoyancy, resistance, and water pressure to aid things such as strength, balance, and even functional skills, while providing a unique environment that kids (and adults) can have fun in.

As a part of the Physical Education program of most schools it is valued in the curriculum for:

- Whole body sensory input – as you move your arms, legs, or whole body through the water, you are getting immediate feedback from the water moving around you. This will enhance your awareness of their movement and their body overall.
- Use of the whole body.
- Improved motor planning and coordination – To swim laps and learn new strokes, it requires the coordinated effort of the arms, the legs, the trunk, and the head and neck. Each part of the body is doing its own thing, and when put together magic happens, and you can move through the water.

Swimming is a great skill for all kids to learn, as it allows them to expand their opportunities for play and activity.

For kids that have lower muscle tone, or generalized weakness, it is a great activity for whole body strengthening. For kids with higher tone, it is great for working on range of motion. For kids that have challenges with coordination and learning new movements, this is a great way to increase their skill level and have practice with coordinated movement while getting to play in the water, and usually in a group situation so they have the opportunity to engage with peers.
What’s also great is that there is equipment out there that allows kids who aren’t able to move independently on land, to be able to float on their own in the pool. This enhances the feeling of independence.

The many extracurricular benefits of swimming are:

1. Can be either an individual or a team sport.
2. It is easier to exercise longer in the water.
3. Something that children can continue to do for the rest of their lives.
4. Very few injuries sustained from swimming when compared to other youth sports.
5. Provides a fun and challenging way to help children stay fit.
6. Teaches important safety skills to prevent drowning, which is the second leading cause of unintentional injury death among young people.
7. Provides cardiovascular activity that promotes heart and lung health.
8. Improves stamina, flexibility, strength, balance and posture.
9. Helps prevent childhood obesity, which is an increasing health problem, and that in turn can help prevent juvenile diabetes.
10. It is a mental exercise that can help improve emotional health and well-being.
11. It is easier for children with disabilities or medical conditions that might prevent them from participating in other youth sports.
12. Swimming can improve family connections because all family members can participate together.

So getting kids into the water is not only beneficial, it’s fun for them and potentially the whole family! I encourage all parents to support your child’s involvement in the swimming program here at school, and because the learning takes time to also consider lessons outside of school.

R U Ok? Day – Thursday 8 September. Your health is your best asset, but many of us have or will experience depression, anxiety or another form of mental illness in our lives. R U OK? Day on 8 September is a reminder that a conversation could change a life. If you think a workmate or friend is having a hard time don’t wait until they hit rock bottom — start a courageous conversation and ask the question. It’s a small gesture but it could go a long way.

Emu Gully- Year 5 Camp. This year the year 5 camp to emu gully was a wonderful experience. We all has a great time. The best activities were the Kokoda track (the Mud), night walk, the bridge over the River Kwai and Escape form Colditz castle. Written by Clea.

The aim was to empower and inspire people to live purpose filled lives in unity with others through the development of our character. We learned that it's not about us. Leadership is not about management, it is not about holding a position or giving order, it, is an art.

We overcame our fears of heights, spiders, trucks and much much more. We needed to show mateship perseverance, courage and self-sacrifice. Remember attitude not ability determines destiny. Special thanks to our camp leaders Josh and John and our class teachers for helping with our experience. Written by Desiree.

Focus:
Students focus on their own personal best achievements and are encouraging of everyone ‘having a go’.

Looks Like
- Students participating in an activity.
- Students having a go whether they are good at the activity or not.
- (We all start as a beginner.)
- Students being positive towards other students who are trying their hardest.

Sounds Like
- Students using positive language to praise their own efforts
- Students using positive language to praise others efforts (“Way to go”, “I did really well”)

Feels Like
- Being proud of yourself for having a go

The kids are doing so well and I am proud of them. Well done to Mr Coyle who is determined not to move up any levels until he has mastered the level he is working on.

A big thank you to all the kids that have been helping the new kids get started. All of the sessions were very busy this week.

Keep up the good work and remember to keep those fingers on the home row keys when you are using a keyboard.

THANK YOU FOR YOUR SUPPORT
New Farm State School's inaugural exclusive Hats & Heels Ladies Fundraising Lunch is here! Support our school and get a group of your besties together for a day of fun, fashion, fine food and bubbles.

Tickets are $150 and include a four course lunch and free flowing French bubbles. They are on sale now at www.newfarmhatsandheels.com.au

There is limited seating, so check your diaries and book early to avoid disappointment.

This year the P&C is extremely focused on raising funds to air condition classrooms across the school. As our main fundraiser – the fete – doesn’t come around until next year, we thought the time was right to create a completely new event . . . the New Farm Hats & Heels Ladies Luncheon.

Strategically timed to celebrate Spring and the season of racing, this luncheon and fashion parade is taking place on Saturday 8th October at the lovely Bucci Restaurant, James Street. It has been launched specifically to raise monies to support the air conditioning project and our aim is to fit out three classrooms.

We have commissioned a stunning, bespoke hat especially for this event and would like to encourage everyone to wear a hat on the day, in the spirit of the racing season and to make this fundraiser really stand out.

While we expect this lunch to appeal mainly to ladies, everyone is welcome and there are auction items to appeal to guys as much as gals (so charge up that credit card!!)

The major auction items include an Audi & QT Gold Coast weekend experience, artwork donated by Red Sea Gallery, a stand out piece of jewellery, stunning patent clutch by Indepal and a bespoke hat by local milliner, Laura Churchill.

Our aim is to create a place where mums of the school and their friends can get together and enjoy an afternoon of fun, fashion and fine food. We’re looking forward to making this luncheon an eagerly anticipated annual tradition.

Brisbane Arcade bag retailer, Indepal, has kindly donated a limited edition, brass patent leather clutch for our silent auction.

This teams perfectly with their brass patent Shariqa, a ladies leather business bag - part satchel, part handbag. Perfectly proportioned to fit a laptop and A4 folders, the zippers undo all the way down the sides for easy access. The usual retail price is $295, but they are offering New Farm mums - exclusively - the opportunity to snap one up for $200.
