

Respect Yourself

Respect Others

Respect Property

# Social Skills

## Own It

### Focus:

Students are choosing to behave in a certain way and are not taking responsibility for their actions. This is an important life lesson to learn and we encourage parents to take some time to talk with their child about times they have done this in their work/ life.

### Looks Like

- Students behaving in a responsible way
- Following rules

### Sounds Like

- Students **acknowledging** their involvement in an incident
- **Communicating** why they chose to behave in a certain way
- **Apologising** if their behaviour has impacted negatively on someone else

### Feels Like

- Being honest and taking responsibility for your actions even when there is a consequence.
