Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

1. Initiative 1: Establishing a whole school writing program underpinned by a Functional Model of Language and building teacher capability by:
 - Providing professional learning and development of the 'How Language Works Program'
 - analysing student writing data to determine explicit teaching required for improvement

1. Initiative 2: Establishing effective school processes, including establishing case management and professional learning teams (PLTs)
