Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Monitored student performance data by ensuring data collection cycles included consistent assessment processes and identification of both achievement and growth in all students.
- Provided opportunities for all teachers to engage in reflective practice and data analysis with coach support with a specific focus on writing semester 1 and reading semester 2.
- Implemented intervention, enrichment and targeted strategies to address student needs as determined by regular data analysis and target setting as outlined within our school performance and development plan and whole school curriculum and assessment plan.
